

Technical drawing of a 1/2 inch 11.5 thread depth gauge. The drawing shows a vertical tool with a conical tip, a central shaft, and a threaded base. Dimensions are indicated: 'D' for the tip diameter, 'C' for the total length, and 'A' for the threaded section length. The word 'THREADS' is written vertically on the left side.

- Available for rope 3/16 to 3/4" in size.
- Machined from aluminum to provide lightweight strength.

Rope Material	Kevlar Rope
Jacket Type	Braided
Material	Aluminum
Connector Type	Stud
Termination Type	Swageless

Rope Size (In)	Part No.	Rated Breaking Strength	Dim A	Dim C	Dim D
3/16	IKA-318	2400 to 4400	3	7-5/16	1
1/4	IKA-325	4400 to 6000	4-3/4	10	1-1/8
5/16	IKA-331	6000 to 9000	5-1/8	11	1-3/8
3/8	IKA-337	9000 to 13000	5-1/8	12	1-1/2
1/2	IKA-350	16000 to 22000	7-1/8	16	2
5/8	IKA-362	28000 to 37000	7-1/8	17	2
3/4	IKA-375	35000 to 63000	10	21-3/4	3
