

Replacement Clevis Pin with Hex Head (3000 Series)

A detailed diagram of a replacement clevis pin. The pin is shown vertically, with its hexagonal head at the top and threaded shank. Dimension lines indicate: A is the diameter of the threaded shank, B is the length of the unthreaded section, C is the total length of the pin, and D is the width of the hexagonal head.

Replacement pin for 3000 Series Swivels with a clevis fitting. To select the correct pin, match the last two digits to the swivel's product ID number with the swivel model number for the pin. *For example, a Model 34 Swivel with product ID 3425 would use the pin for 3x25 swivels.*

Specifications

Material Zinc Plated Steel

Termination Type Clevis

Connector Type Clevis
