GOLD BAND™ OCEANIC & SPECIALTY

Model SSP-67 - Clevis/Clevis Pressure **Compensated Swivel**

Electroline's Model SSP-67 industrial swivel is designed for sub-surface marine applications and features two clevis (fork/jaw) fittings with included pins. Constructed from stainless steel, the oil-filled housing is sealed and pressure compensated to prevent water entry.

- Angular contact bearings support higher rotational speeds and longer rope lengths.
- Tapered ends are designed to prevent snags on other equipment or
- Ultimate strength exceeds the rated Safe Working Load (SWL).
